NCMI / TLC^2 Workshop on Cryo-EM based Modeling
Workshop Survey                    Jan 14-17, 2010

Just leave blanks if you have no response for a specific question
Please rate the following 1-5 : 1 (No/Awful)   3 (Maybe/Neutral)      5 (Yes/Very Good)

1) Workshop as a whole          Useful _____          Would Recommend to Others _____

2) Facilities                   Lecture _____          Computer Lab _____

3) Accommodations                      Quality _____          Convenience _____

4) Food                        Quality _____          Quantity _____

5) Were you using a             Laptop      or a        Desktop

| | Quality (1-5) | Useful to You (1-5) | Level (1 - too hard 3 - just right 5 - too easy) | Should we Include this next time ? (1-5) |
|---|---|---|---|---|
| Matt Baker, SSEHunter,... (talk) | | | | |
| Tao Ju, Skeletonization, ... (talk) | | | | |
| Frank DiMaio, Rosetta (talk) | | | | |
| Gorgon Tutorial | | | | |
| Rosetta Tutorial | | | | |
| Validation Discussion | | | | |
| Klaus Schulten, MD Intro (talks) | | | | |
| VMD & NAMD | | | | |
| Andrej Sali, Modeling (talk) | | | | |
| Gunnar Schroeder, Model Refinement (talk) | | | | |
| IMP & Modeller Tutorial | | | | |
| DIREX Tutorial (Schroeder/Levitt) | | | | |
| Lawson/Berman Deposition (Talk) | | | | |
